

## Wye School Transition Project

Our school Houses are Crown, Olantigh and Stour. Students chose these Houses as they relate to the school's location in Wye and our local history.

In September you will find out what House you are a member of. What can you find out about the history behind each of the House names?

Make a poster, write a short piece, or think of your own way to present your findings. You will be awarded House Points for your submission, and the best ones will be displayed in our House notice boards.

You will hand in your project on the first day in September, to your tutor.
